KATALON RECORDER

Submitted By

Nidhi Rai - 4NM18CS103

Nishmitha K Suvarna - 4NM18CS104

INTRODUCTION

- Katalon Recorder is an automation testing software tool developed by Katalon.
- Katalon Recorder is a free, Selenium IDE alternative, lightweight web extension for automating actions and automated testing on the browser.
- Katalon Recorder is the Selenium IDE-compatible record & playback tool for browser automation testing.

PURPOSE

- You can use it to record, debug, execute & manage test cases, and export test suites to multiple programming languages.
- Katalon Recorder is the most UI-friendly and simplest extension for Record and Playback.
- Automate the repetitive tasks on browsers, such as generating reports, filling forms, automating games, etc.

FEATURES

- Simple Deployment
- Quick & Easy Set-up
- Faster & Weightier Outcomes
- Flexible Modes
- Easy Usage
- Cross-Browser Application
- Hands-on
